Who We Are

EMPOWERING HEALTHCARE PROVIDERS

- FutureMD medical billing services offer an All-in-one, medical office platform so you can easily manage your entire practice, all locations and patient experience.
- Our cloud-based platform for revenue cycle management (RCM), practice management (PM), electronic health record (EHR), Chronic Care Management (CCM) business intelligence, telehealth, and patient experience management (PXM) empowers clients .

What make us different ?

- Dedicated account manager and access to our billing teams
- Fully integrated EHR and practice management system
- Patient billing and balance reminder calls
- Daily claims submission and follow-up
- Denial management
- Online financial and practice analysis reports
- 24/7 secure online access to all billing and claims processing information
- Clearinghouse integration
- Paper and electronic statements
- Daily/monthly/YTD financial reports

FutureMD

talkEHR™

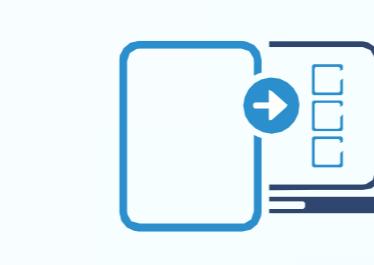

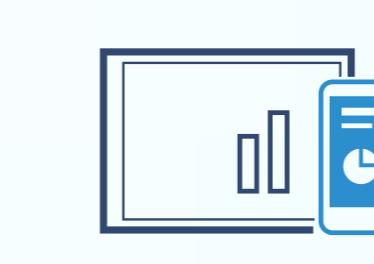

Cloud-based EHR

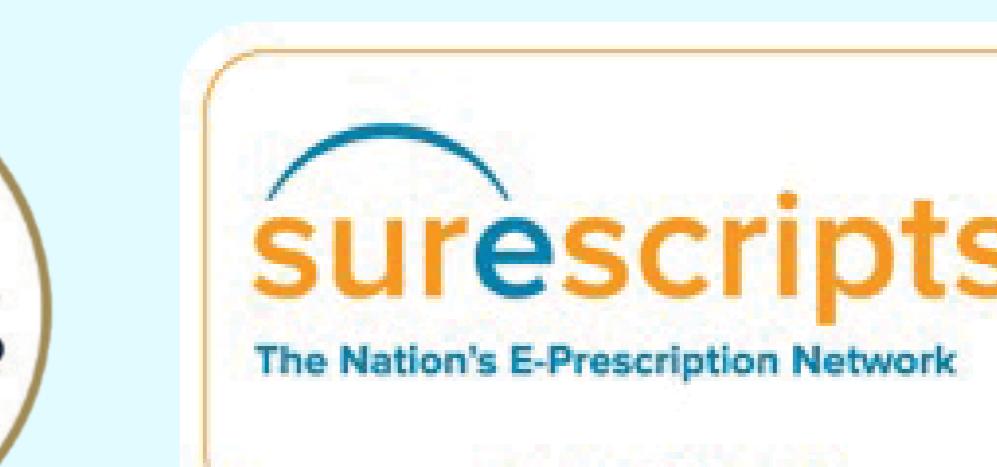

That understand you

FutureMD talkEHR is the world's first interactive EHR. Doctors can now effortlessly create patient charts, generate claims and carry out other clinical tasks by conversing with talkEHR. It is a MACRA ready complete automation solution that efficiently connects payers, labs, pharmacies and all the other stakeholders involved in patient journey.
